The area is hugely popular and offers excellent shopping, fine housing, good schools, NHS services, superb public transport networks and a thriving business community. Gloucester also benefits from being less than 6 miles away from the M5 motorway which makes visiting and commuting very easy. The business would be easily re-locatable within the county.

Business History

Online Business Sales are delighted to offer to the market this well established glazing installation and repair business which was established in 2002 by our client and is only being offered to the market due to our clients desire to take well deserved retirement. Since the business was established our client has invested time and money in the business meaning it is a true 'turn key' operation. Our client informs us that the annual income currently runs at £235,000 which is derived from the installation of double glazing doors such as external, patio and security together with all styles of window and integral blinds. Our client offers a 24 hour call out service and a repair service for broken windows, locks and other associated products. There is scope to broaden the area which may increase income. Our client has longterm contracts with the likes of Guinness as well as numerous other housing association companies. The business, which is currently owner operated with 2 full time members of staff, has a strong reputation within the local community and as such has a high level of regular and repeat trade together with strong word of mouth recommendations. Benefitting from a professional website, this is a superb opportunity to purchase an established, well reputed business and as such early viewing is strongly recommended.
