The business currently has no radius and covers all of South Wales and the UK. The business has easy access to motorways which enables the business to cater for a larger geographical radius.

Business History

Online Business Sales are delighted to offer to the market this superb mobile spit roast business which was established around 7 years ago and had been in the careful hands of our client for the last 3 years. The only reason this rare opportunity is being offered to market, is due to our clients desire to concentrate on other business interests. Since the business was established our client has run the business at a pace that suit their lifestyle, meaning that there is massive scope for a new hands on owner to further develop the business. Our clients inform us that the annual turnover currently runs at £71,000, which is derived from offering a full spit roast and carve service which is brought to customers directly, such as weddings, birthdays, christenings etc. Our clients provide everything needed to cook, carve and serve the roast, including all sauces, condiments and bread rolls. Our clients also offer salads and puddings to accompany the spit roasts if required. We feel there is scope to increase turnover by introducing other catered food items. This is a service which is gaining massively in popularity. The business benefits from a well presented website which helps generate custom as well as from good word of mouth recommendations due to business's reputation. Our client is including all equipment in the sale for example spit roast machines, cutlery, plates etc and a van currently used for spit roast transportation which is also included within the sale price which is a huge bonus for a any new owner. The radius of the business's operation is purely the choice of the current owner and as this is not a franchised opportunity, there is no restriction on the geographical area a new owner operator could trade in and therefore this opportunity provides vast growth potential. This is a superb opportunity to purchase a good foundation business with massive development potential and as such early viewing is highly recommended as this business is not to be missed.
