Location

This sought after business is situated in a prime location on a major through road (A41), at the edge of the Jewellery quarter, in the city of Birmingham and is surrounded by complimentary retail and commercial premises and as such has a high level of footfall and passing trade. Birmingham has become a very desirable business and residential location due to its fine housing, excellent shopping facilities, good schools and NHS services, many parks, historical attractions and central motorway network access. Birmingham is the largest of England's core cities, and is the second city of the United Kingdom. It forms part of the larger West Midlands conurbation and includes several neighbouring towns and cities, such as Solihull, Wolverhampton and the towns of the Black Country. Birmingham benefits massively from having easy access to the M6, M5, M42, M40 and connecting M1 motorways making UK travelling very easy.

Business History

Online Business Sales are delighted to offer to the market this well presented specialist car audio business which was established by our client in 2005. Only now is our client reluctantly offering the business to the market due to their desire to pursue other business interests. Since the business was established our client has built up an excellent reputation and as such sees a high level of regular and repeat trade together with good word of mouth recommendations. Having invested both time and money into the business and premises, it is in full walk in condition, making this a perfect buy for a first time purchaser or as a bolt-on business. Our client informs us that the annual turnover currently runs at £80,000 and is derived from the supply and fitting of an extensive range of In-car entertainment, car audio products, parking sensors, cameras, light kits and bulbs together with custom wood boxes made with quality MDF and/or fibre-glass, wrapped in vinyl, cloth, or leather. There is scope to increase the trading hours of the business as well as introducing an advertising campaign, promoting the business and the services offered, which may increase income further. Additionally there is the possibility of introducing online sales which again may prove beneficial. This is a superb opportunity to purchase a well presented and equipped business and as such early viewing is strongly recommended to fully appreciate the potential this business has to offer.
