Location

This vehicle glazing and tinting business is currently being run from home by our client in the Gloucester area. The business is easily re locatable and can be run from anywhere in the UK.

Business History

Online Business Sales are pleased to offer to the market this vehicle glazing and tinting business to the market which was established by our client in 1992. The only reason this rare opportunity is being offered to the market, is due to our clients desire to concentrate on other business interests. Since the business was established our client has introduced new lines and income streams which has enhanced the business massively. Our client informs us that the annual turnover currently runs at £100,000 which is derived from replacing chipped or smashed vehicle windows using different types of safety glass such as laminated, heated, tinted and top tinted glass. The business offers a vehicle wrapping service to update a vehicle; whether it be a quick fix with a partial wrap or a full wrap for a complete change of colour of a vehicle. There is scope to develop the business further by offering this service to a wider area together with creating a professional and as such would increase the customer base and may increase income. This business could be a "bolt on" to a company wishing to expand their business into this area and this is a superb opportunity to purchase a well equipped business with low overheads. and with massive scope to develop further. Early viewing is highly recommended to appreciate the business.
