Business History

Online Business Sales are delighted to offer this exceptional glazing business which was established in 1984 and has been in the careful hands of our client since 2012. The only reason this superb opportunity is being offered to the market , is due to our clients desire to concentrate on other business interests. Since our client took over the business he has built up a strong reputation within the local community and as such sees a high level of regular and repeat trade. Our client informs us that the annual income currently runs at £120,000 which is derived from offering domestic and commercial glazing for windows, doors and conservatories together with door repairs such as broken glass, boarding up, misted glass repairs and handles to name a few. There is scope to create a professional website and facebook page which may increase income. The business is currently owner operated by our client and is exceptionally well known and easy to run. This is a superb opportunity to purchase an established business, which is a great base to build upon and as such early viewing is highly recommended.
